EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest an optical system including a cavity which comprises a semiconductor light-emitting device, and an optical fiber having a first terminal optically coupled to the semiconductor light-emitting device, the cavity having a cavity length defined between a first facet of the semiconductor light-emitting device and a second terminal of the optical fiber; wherein ***a single case accommodates a temperature controller for controlling a temperature in the single case***. The prior art of record also fails a mode locking semiconductor laser system comprising ***a condenser lens disposed between the optical path length adjuster and the non-reflective terminal of the polarization preserving optical fiber*** as recited in claims 1, 5, 6, 10 and 14.

Claims 1, 5, 6, 10-14 and 17-20 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
